## COURTNEY TAYLOR & CHANEL PRESTON

teamed up in this issue of the MV Mag to celebrate and bring in the **NEW YEAR** the only way they know how - with a **BANG!** Together, they were the perfect balance between naughty and nice.

You'll never guess what happens when the clock strikes **MIDNIGHT** on NYE and these two **PARTY GIRLS** finally give into their powerful desires for one another.

After seeing their **SEXY** chemistry, the mistletoe is not the only thing you'll want to be under this year!

**You have recently got married to the love of your life and made a stunning bride! RJ is a lucky man to have a woman like you and of course to be in love with a pornstar! Tell us, how did you two meet?**

Courtney-We met through a fellow coworker. He once saw a picture of all of us together at the strip club and asked her about me. At first, I blew him off for months and then we finally went on our first date on Valentine's Day and we instantly hit it off. We actually ended up doing anal on the first night!

**It must be tough balancing a successful porn career and a healthy relationship. How do you manage to keep things level?**

Courtney- I manage to keep things level by bringing him on set a lot of the time and making sure to do whatever it takes in order to keep our sex life fun and adventurous. I am always down to try new things, different places, and even different people. Keeping it interesting is priority for me. I'm also a total exhibitionist so that helps!

**Can you give us some dirty details about your honeymoon?**

Courtney- Well I don't know if they are "dirty" details but we fucked everywhere we possibly could. We fucked in the bathroom at the restaurant, at the hotel, and even in the limo on the way to the stripclub. It was amaziiinnnggg!

**You have luscious lips, big boobs, blonde hair and perfect ass! What's it like being every man's fantasy barbie?**

Courtney- Awww well thank you! I feel like I have such big shoes to fill. Also, I feel like I still have alot to live up to but I love it and that's a huge compliment!

**What is the best Christmas gift you've ever received from a fan?**

Courtney- Ooooh every year theres actually a fan of mine (she is a girl named Michelle) who does oil paintings of me and her work is phenomenal!

### **How would you describe the perfect New Years Eve party?**

Courtney- The perfect NYE party would be in Australia (since it turns midnight there first) Ideally, it would be a bunch of my porn friends and I having an orgy in Australia the moment the clock strikes 12! It would be a night to remember!

### **You are the go-to girl many men visualize when they need to release. What does Courtney think about when she wants to orgasm?**

Courtney- OMG! I seriously think of some fucked up shit. I also think of a lot of girl/girl scenes. I love thinking about girls going down on me. It's so hot and really gets me off!

**Tell us what was running through your mind the very first time you stepped foot on set?**

Chanel- Well, I had told my agent that I did not want my first scene to be a casting couch scene and it was! I had to pretend to be innocent and naive and I hated that! It really wasn't fitting to my personality and I was nervous but once they said ACTION it all kind of worked out.

**You are a woman who knows what she wants! What instructions would you give to a man who yearns to make you cum?**

Chanel- For a guy to make me cum, the best thing for him to do would be to fuck me in my ass!

**You have played both dominant and submissive roles. Do you think the power exchange is something everyone should try at least once?**

Chanel- I think it's something that's fun to try for sure! When I first started being a domme, I thought it was different because even though I have a type A personality, I am not cruel and do not like to inflict pain. I had to learn to hit people and be ruthless in a place where it was accepted so once I understood that, it became fun and now I really enjoy it. So yes, you should all experiment with it!

**Can you think of something you did this year that would put you on Santa's naughty list?**

Chanel- Hmm... is anal sex naughty? I also fucked a stranger in the dressing room of Victoria's Secret. I think that makes me naughty right?

**Can you paint us a picture of your idea of the perfect New Years Eve party?**

Chanel- I would be in Bora Bora eating fresh lychees and mango pie while guys hand fan me like they should!

**You have your own web series called "Naked With Chanel". What is the purpose behind this series and what are you hoping to achieve?**

Chanel- Naked With Chanel is a platform I use to express my thoughts around sex and help educate others about sex. I have always loved blogging and I was interested in creating short videos about sex as well. Overall, it's simply a place for me to help others learn about their beliefs and attitudes around sex. I believe the more educated people are and the more they understand themselves, the better decisions they will make for themselves.

# END THE NEW YEAR WITH A GANG BANG!

We started our own naughty holiday tradition last New Year's Eve and ended 2015 with the best kind of bang - a gang bang! While I'm beyond excited to revisit this custom for NYE 2016, I'm not quite sure how it's going to top last year's bash...

Last year my girlfriends and I, put off by the planning and constraints involved in selecting the perfect venues and outfits, opted to forego both and ring in the new year by throwing a Wet & Wild event. My cousin Kate hosted it at her luxurious 5-bathroom 12-bedroom cottage. We picked up a ton of food, booze and firewood, lined the entire hallway with crates of champagne and invited the sexiest people we know to come over and play with us!

We invited about a dozen of our closest friends and their plus-ones to arrive early so that we could catch up and enjoy a more intimate gathering before the real party started. As we were sitting around in the nude, sipping champagne and sharing our sexy New Year's resolutions by the fireplace, a curvy brunette with piercing grey eyes who was perched precariously next to me on the arm of the sofa began to tell us that she had never had sex in a group. As she described her fantasy of being pleasured by so many people she could no longer tell who was who, I silently grabbed her hand and led her towards the staircase, casting back a naughty grin to those tempted to join us upstairs where I had turned the main bathroom into a bona fide sex den, complete with buckets of champagne on ice and a trunk of toys and oils. Steam rose seductively in serpentine wisps from the 12-person Jacuzzi, a wall of glistening bubbles cascading over the rims in thick, sloppy waves. Breasts taut, my steel-eyed beauty lowered herself gracefully into the tub, her

the tub, her milk-white skin glowing softly under the candlelight. A gleam of nervous excitement flashed across her eyes as I lowered my lips to her hardened pink nipples. I began to rub her clit until I felt a faint tremble and, unable to wait another moment, eagerly slid a small studded dildo into her tight pussy. A passionate moan escaped her full, red lips and, wanting to capture every second, we asked my friend Mike to record us so I could send my new friend home with a souvenir of the evening's events.

After a few minutes Mike's bulge made it rather clear that he wanted to do a whole lot more than film us, so we had a pouty blonde take over filming duties so he could join us in the hot tub, which by this point had become the focal point of the party as curious guests made their way upstairs to see what all the commotion was about. A blur of faces looked on in delight as I positioned myself doggystyle on top of her and lifted my ass up into the air. Our bodies were gleaming with oil and lathered up with hot, soapy bubbles as Mike slid his dick into me, then into her and continued to take turns with us, his eyes fixed on a group of girls in the shower who were dancing and grinding on each other. I watched approvingly as they poured champagne over one another, the foam dripping down their robust bodies, their soaking wet hair and pretty little pussies shining in the candlelight. Young, fun, and full of cum, their shrieks of laughter seemed to vibrate off the glass shower walls before blending into the carnal harmony all around us, the wall-to-wall mirrors giving an indulgent all-angles view of the debauchery unfolding. Candle smoke and jacuzzi steam combined to form an almost ethereal fog, pierced occasionally by the flashes of cameras as guests snapped pictures to serve as proof of the night's events. A petite young woman with flowing black hair and smoldering eyes made her way through the room of onlookers and, without a word, slipped elegantly out of her dress and stood before me, eyes yearning with desire as she

dropped slowly to her knees and began to gently flick her tongue across my clit. My pussy was throbbing as she slid one, then two fingers into me and began pumping them skillfully as a man positioned himself over Kate and with his large rough hand cupping her chin, began to slip his rock-hard cock into her eager mouth, fucking her throat slowly but deeply as her jaw flexed with the effort of taking him all in. She took a piece of ice from the champagne bucket and, sucking on it seductively, swirled it slowly around her mouth, expertly licking the tip of his dick before swallowing him whole, thin streams of melting ice rolling down her chin onto his thighs. Around us, the crowd pulsed, the floor trembling slightly as the bass from the party downstairs blended into our cries of passion to create a most sinful melody.

By this point I was feeling warm and fuzzy, a hot glow spreading slowly across my cheekbones and up my temples as the bubbly started to kick in, when I heard a loud POP and turned just in time to see a couple popping another bottle. The man was pouring the contents over his partner, a voluptuous redhead with sparkling olive eyes and long lean legs, toned like a dancer's. Tiny tufts of thick foam collecting in crystalline clouds on her raised nipples as she tossed her head back and laughed, a rich, velvety sound as smooth as the coils of shiny, copper hair tumbling across her delicate face and down her back. She laughed nervously and whispered something in his ear and they both looked over at me, wicked smiles lighting up their chiseled faces. Turning towards me, with her round perky breasts champagne-dipped, she shot me an intense, sultry look that struck me like a fever. Consumed by desire, my skin flushed a deep shade of crimson as I approached the pair, for the first time taking in the husband, a tall jovial man in his 40s with smiling chestnut eyes that never left his wife's flawless face. I introduced myself and, as it turned out, their New Year's resolution was to spice things up in the bedroom and this was their first-ever sex party! Excited to be a part of their first

I decided there and then that this would be the night I would finally fuck a champagne bottle (one of very few fantasies that have not yet been satisfied). I wordlessly placed my mouth over the neck of the bottle, simulating oral sex, hoping that my lurid gaze was enough to communicate my desires to have the bottle in my pussy. She enthusiastically obliged, her husband helping to slide the neck in since I was so wet the bottle wouldn't stay put and kept slipping out! After a thorough fucking, I let out a cry of delight as cum gushed out of me in waves and seeped down the bottle. Dazed as though in a dream, I took in my surroundings and, realizing that midnight was just moments away, shouted to anyone who was listening to try and time their orgasms because really, who needs a New Year's kiss when you can have a New Year's cum? We belted out the countdown, a chorus of voices rising delectably into a wild climax before descending into intense moans of pleasure which were momentarily drowned out by the shrill wail of joyous shrieks, laughter and noisemakers floating up the staircase from the foyer below.

Feeling spent but at the same time rejuvenated, I looked over my guests as they positively radiated with bliss, their faces beaming in the afterglow of release. A sublime party, indeed! And the night was still young...

# MAKE YOUR BOOTY POPI AFTER THE HOLIDAYS

Hello, my name is Mia!

Before my current career, I was a personal trainer.

I am well known for my voluptuous backside, so I am here to give you all some tips on how to keep your booty popping after indulging this Holiday season.

First, lunges ARE your friend. It is a common misconception that squats rule when it comes to building a bigger booty, it's all about those lunges (which work much more efficiently).

Secondly, make sure you eat lots of healthy fats, proteins, and carbohydrates.

I prefer higher protein/fat and lower carbohydrates. This works well for my body, but a different ratio may suit you guys better. Find what works best for you!

Finally, start doing plyometrics. Plyometrics not only help develop your booty/legs, but they also help strengthen your core, help improve your balance, and add extra cardio to your work!

Plyometrics, also known as "jump training" or "plyos", are exercises in which muscles exert maximum force in short intervals of time, with the goal of increasing power, speed, and strength.

This is one of my favorite work-outs with some of the best exercises that I do to keep my booty in shape:

*Jumping Jacks = 1 minute*

*Squats = 20*

*Push- ups = 10*

*Burpees = 10*

*Lunges = 20 each leg*

*Step-ups = 10 each leg*

*Bridge = hold 30 seconds*

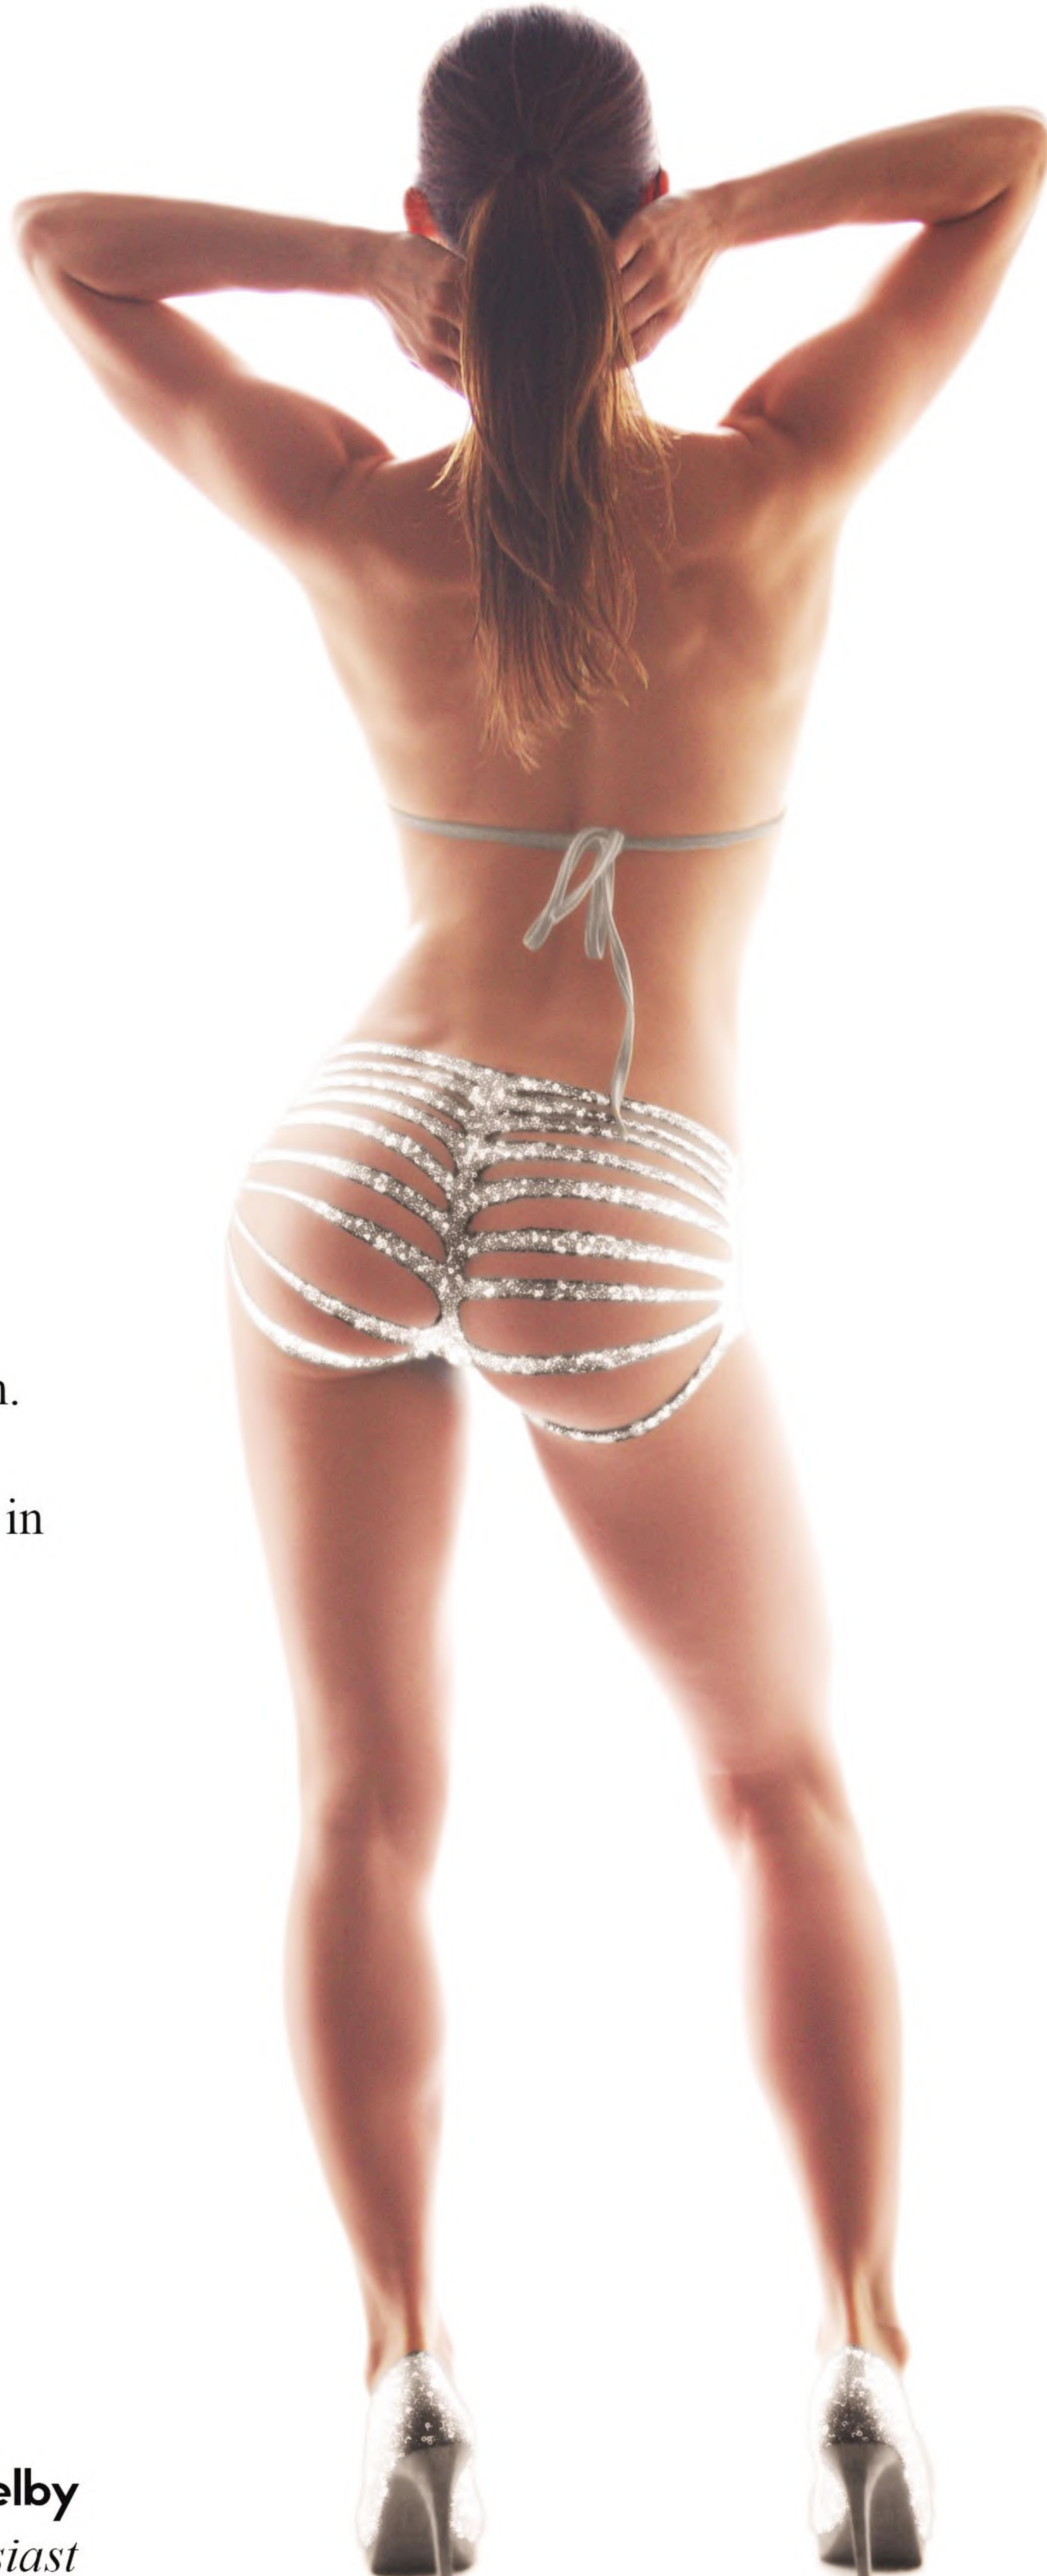

*Plank = hold 30 seconds*

*Repeat.*

Start with 2 sets and add additional sets based on your current fitness level.

Enjoy your booty!

# MY Selfies

Hi everyone! I started out camming about 5 years ago, my first days included using a hairbrush as a dildo, in a dimly lit closet and I was far too scared to even use sound during my shows. These days I'm sitting at 400,000 followers on Chaturbate and over 100,000 on Twitter.

I never expected it to grow into what it's become but I'm so happy it has. On cam I'm a big fan of catering to fetishes of all types. I'm naturally a switch so whatever role you need, I can easily fill it. My favorite fetishes are pet play, humiliation, and degradation all on the receiving end

I'm outgoing sexually but surprisingly modest outside of the bedroom.

Offline, I'm into reading, PC gaming, and blogging on tumblr.

My favorite games to play are Archeage, The Sims, and EVE Online.

Hey!

It's so great to have something to bring people together and really form an amazing connection! Being in the adult industry has opened up my sexuality in so many ways. I love being with both men and women (threesomes are my favorite!), it turns me on so much making people feel good and turning fantasies into reality!
